

# Control Your TV With Your iPad™

Visit the App Store and download the free app called **ManageMyTVs**.

## To use ManageMyTVs App:

1. Select the MyTVs icon and the **Sign In** screen will appear.
2. Enter in the following URL in the URL field: **216.106.220.76**
3. Enter in your username in the Username field.
4. Enter in your password in the Password field.

***Note: First time users will need to create a username and password. Please call the TrioTel business office at 425-2238 to assign your username and password.***

5. Select the Sign In button.

The screenshot shows the 'Sign In' screen of the ManageMyTVs app on an iPad. The status bar at the top indicates the device is an iPad, has signal strength, the time is 9:09 AM, and the battery is at 92%. The app's title bar is labeled 'Sign In'. The main content area is dark blue with white text and input fields. There are three input fields labeled 'URL', 'Username', and 'Password'. A 'Sign In' button is located at the bottom of the form.

# App Features:

## Guide

The Guide allows users to view up to twelve days of guide information. Programs may be selected from within the guide to view program information and schedule future recordings. Users may tune their TV to a channel by selecting that channel.

## Search

This action allows the user to search by keyword or phrase for a specific program. Search results may be selected to view program information and schedule future recordings.

## What's Hot

The What's Hot app provides the user with real time information about the most popular watched programs in the user's area; as well as the most popular recordings and most popular series. Programs may be selected from within the What's Hot App to view program information and schedule future recordings. Users may tune their TV to a program by selecting "Watch" next to that program.

## Recordings

All existing and scheduled recordings may be viewed within the Recordings action. Users may select a DVR from within their home and view either Current or Future recordings.

## Remote

This action allows the user to use their iPad™ as a functional remote control.

## Settings

Users can customize the Guide by setting how many hours of guide information are displayed, determine sign in information, view admin log and sign out.
